# 2012

## Introduction to Green Building Careers

### The 120-hour program includes:

- Basic Construction Principles
- Environmental Training
- Introduction to Green Building
- Energy Fundamentals
- Energy Retrofits & Efficiency
- Water Efficient Buildings & Retrofits
- Solar & Hot Water Installation & Design
- Solar Electricity Installation & Design
- OSHA 10 and First Aid / CPR
- Work Readiness & Hands-On Work Experience

\$ 300 stipend provided to students who successfully complete the program

This is an introductory course designed to provide students with a basic overview of "green" construction occupations. Once completed, students will require additional training prior to entering jobs in construction, solar, or other energy efficiency fields.

Other colleges also offering this program in 2011 and 2012
