I. INTRODUCTION

WIOA was signed into law in July 2014 and strengthens existing workforce development and adult education programs by serving low-income adults, dislocated workers, and youth who are most in need and face barriers to employment. Additionally, WIOA expands on the education and training options that are available to job seekers and businesses, with the goal of increasing access to better careers and professional advancement. These programs also help disadvantaged & unemployed adults, as well as eligible youth earn wages while learning through support services and effective employment-based activities.

Work-based learning activities involve building worker skills and establishing pathways to higher wages and career opportunities. Work-based learning strategies emphasize business engagement, incorporate training objectives while job-seeking participants are working, and lead to unsubsidized employment. A key advantage of work-based learning is that job seekers and participants can “earn while they learn” and achieve improved employment and earnings outcomes.

In addition to the advantages for job seekers, work-based learning opportunities provide businesses with occasions to help develop and retain a skilled workforce utilizing WIOA resources.

For additional information regarding Work-Based Learning under WIOA: Title I, please visit:

- TEGL 19-16, “Guidance on Services provided through the Adult and Dislocated Worker Programs under the Workforce Innovation and Opportunity Act (WIOA) and the Wagner-Peyser Act Employment Service (ES), as amended by title III of WIOA, and for Implementation of the WIOA Final Rules. “

II. ON-THE-JOB (OJT) REQUIREMENTS

OJT is a type of training that is provided by an employer to a participant (job seeker). During the training, the customer is engaged in productive work in a job for which the customer is paid and the training provides the knowledge or skills essential to the full and adequate performance of the job. OJT may be provided by an employer in the public, private non-profit or private sectors. This OJT Policy and Procedures outlines the process to issue, document and track an OJT under the Workforce Innovation and Opportunity Act (WIOA). The following sections list the requirements for the Service Provider to provide OJTs.

A. EMPLOYER REQUIREMENTS

OJT is provided under an agreement with an employer in the public, private non-profit, or private sector. Prior to entering into an OJT agreement, a pre-screening should be conducted to ensure that the employer meets the minimum standards and can provide both training and employment to an OJT participant. If additional training is needed, Business Services should ensure that a third-party training provider is included in the agreement.

1. Employer checklist must include at a minimum:

- The business has not exhibited a pattern of failing to provide OJT participants with continued employment;
- The business verifies WIOA funds will **not** be used to relocate operations in whole or in part;

- The business has operated at its current location for at least 120 days. If less than 120 days and the business relocated from another area in the U.S and individual(s)/employees were not laid off at the previous location as a result of the relocation;
- The business is not utilizing OJT participants to fill job openings as a result of a labor dispute;
- OJT funds will not be used to directly or indirectly assist, promote, or deter union organizing;
- The OJT will not result in the full or partial displacement of employed workers;
- Participant wages shall be at the same rate, including periodic increases, as other participants or employees who are similarly situated in comparable occupations with the same employer, and who have equivalent training, experience, and skills;
- Participants must be provided benefits (e.g., workers' compensation, health insurance, unemployment insurance, retirement benefits) or working conditions at the same level and to the same extent as other participants or employees working a similar length of time and doing the same type of work; and
- The employer will comply with the non-discrimination and equal opportunity provisions of WIOA law and regulations.

B. TRAINING REQUIREMENTS

1. An employer orientation must be completed with each employer and/or employer representative to discuss the contract provisions and training plans. The contract process sets the ground-rules for OJT with an employer and ensures there is a legally binding agreement between the employer and the OJT training provider if the latter is an outside provider.
2. OJT duration must be limited to the time necessary for a customer to become proficient in the occupation for which the customer is receiving OJT.
 - Duration of training shall be no more than 26 weeks (1,040 hours maximum) or 6 months whichever comes first.
 - Length of training should be based on individual assessments of the participant's background, skills, and barriers to employment.
 - Reimbursement Example: 1,040 hours x hourly wage x reimbursement rate = amount of reimbursement
 - BSR should consult with the employer(s) and use the Occupational Information Network's (ONET) Specific Vocational Preparation Range (SVP) to determine the appropriate occupational training needed. Using the SVP provided by ONET, the following duration times are recommended in addition to the participant's past skill and experience.

Specific Vocational Preparation Range (SVP)	
Level	Timeframe
Level 1	< 1 month
Level 2	1 month
Level 3	< 1month – 3 months
Level 4	>3 months – 6 months
Level 5 - 9	>6 Months

3. OJT must be full-time, regular employment (minimum of 32 hours per week) unless otherwise approved by the Manager of Business Services.
4. BSR is responsible for verifying that employer is a valid company in the State of California. BSR must check the business entity's status on the Secretary of State's webpage.
5. BSR shall verify that an OJT employer has not been debarred prior to entering into an OJT agreement. [Searching for Exclusions - SAM.docx](#)
6. Funding Limits:
 - Up to **50%** of the participants wages, for the extraordinary costs of providing the training and additional supervision related to the OJT.
 - In limited circumstances, the reimbursement may be up to **75%** of the participants wages upon approval of the Manager of Training Services.
 - Assessment for increased reimbursement will take into account the following factors:
 - The characteristics of the individual being trained, and their individual barriers to employment
 - Size of the employer, with an emphasis on small businesses,
 - Quality of the employer-provided training and advancement opportunities,
 - Relation of the training to the competitiveness of the participant in the job market
7. OJT must meet the approved target self-sufficiency wage as determined by the Workforce Partnership. An OJT request that does not meet the self-sufficiency wage must be approved by the Manager of Business Services, and will be assessed against the following elements:
 - a) Must pay the current minimum wage as dictated by the state of California AND:
 - a) Documented, historical or written evidence of **step raises** that lead to a higher wage and self-sufficiency for the candidate within a year of training completion; or
 - b) Documented, historical or written evidence of **career ladders** or advancement opportunities that can be directly linked to the successful completion of the OJT; or
 - c) Quality of employer-provided training and competitiveness of the participant post training

Further definitions of these benefits are listed below:

- **Step Raises:** A regular schedule or calendar of raises that a person becomes eligible for based on the amount of time they spend on the job.

For example: An OJT candidate may start out at \$18.00 per hour but know that every six months their pay will increase by .50 cents per hour. These types of raises are often found in labor or union positions and retail work.

- **Career Ladders:** Many occupations and industries offer clear career ladders. Through established career ladders, customers shall have the opportunity to acquire the necessary skills to enter and move up in the workforce. Each step in a career ladder must lead to greater challenges, responsibilities and/or the opportunity for increased wages.

For example: A customer may start out as a receptionist making minimum wage, with the knowledge that after the customer grows proficient in that position, it could lead to career advancement and higher wages as an office assistant, executive assistant or office manager.

Note: For New Hires or reverse referrals, hours trained on the job prior to the start date of training as listed on the OJT Agreement Packet will not be reimbursed and disqualify both the participant and employer from entering an OJT. Only hours worked and trained on the job shall be reimbursed. Vacations, holidays, sick leave, personal leave, union dues, jury duty, commissions, bonuses and overtime compensation for work in excess of the maximum hours per week authorized by law will not be reimbursed.

C. EQUAL OPPORTUNITY

Training provider must comply with all Equal Opportunity (EO) Policies and Procedures as outlined in **Chapter 9: Nondiscrimination & Equal Opportunity Policy and Complaint Procedures**. This includes compliance with grievance and criminal activity reporting requirements. Training Provider may be monitored by SDWP or a third-party monitor each year and must complete **ATTACHMENT - EO WIOA SECTION 188 COMPLIANCE CHECKLIST** found in **Chapter 8: Monitoring** during each annual review period.

D. CONFLICT OF INTEREST

No grantee, contractor, sub-grantee, or sub-contractor will engage in any conflict of interest, real, implied or apparent, in the selection, award or administration of a WIOA funded contract or grant. OJT Contracting must be conducted by training professionals and Employers in a manner that is objective and independent of personal interests.

III. PARTICIPANT ELIGIBILITY

Under the WIOA there are two levels of services: Basic and Individualized services. A determination that a participant needs individualized and/or training services can be made without regard to how long the individual has been receiving services at each level. Participants in Adult programs must meet eligibility requirements, before being provided training services. Eligibility for services is found in **Chapter 7. Part 1: WIOA Title I Adult Program Eligibility**.

A. INTAKE AND ELIGIBILITY

As necessary, to meet the needs of the employer, the career center staff shall conduct recruitments for the OJT. The announcement shall include qualifications, job description (if applicable), training information, deadlines for recruitment, and a summary of the recruitment procedure. The Intake and Eligibility Specialist shall complete eligibility for all prospective employees/trainees.

1. Case Management

The Career Navigator shall ensure completion of all required WIOA activities for enrollment into training including Individual Employment Plan (IEP) development, delivery of supportive services.

B. TYPES OF TRAINEES

1. New Hire

Training services are available to those participants who are unable to find employment. Need and ability to benefit from WIOA funds must be established and the participant must have the skills and qualifications to successfully complete the training program. An individual's need for training shall be determined through an assessment. Participants with marketable skills within an in-demand occupation shall not be deemed eligible for WIOA funded training.

2. Currently Employed Workers

Upgrades a currently employed worker may be placed into an OJT with the same Employer only when the following criteria are met:

- The employed worker meets WIOA eligibility, and
- The OJT relates to the introduction of new technologies, introduction to new production or service procedures; or

- The OJT supports the acquisition of new skills necessary for upgrading to a new job that require the additional skills, or
- The OJT provides training in the required workplace literacy, and
- The Employer continues to meet OJT Employer requirements.

Providing OJT's to employed workers is different than "Incumbent Worker" training through WIOA. An incumbent worker is an individual who is employed, but an incumbent worker does not necessarily have to meet the eligibility requirements for intensive and training services for unemployed adults and dislocated workers. An OJT candidate must meet these eligibility requirements. In the circumstance where the Employer proposes to upgrade the employee by training for a job that requires substantially different or higher-level skills, the current employee must also, as a result of successfully completing the OJT:

- Expect a wage gain by the end of the training period commensurate with incumbent positions; or
- Expect an upgrade to a new position.

The Employer will be encouraged to "backfill" with a new hire for the employee's previous position through the AJCC or when training is complete.

3. Employer Referrals/Recruitment

An Employer may sometimes refer an applicant for a vacant position in order to determine whether the applicant is eligible for WIOA and appropriate for training through an OJT Training Plan. This practice is allowed under WIOA. AJCC BSRs shall assess the circumstances to determine whether an OJT is appropriate in the same way they would assess an individual participant.

An applicant who is referred to the AJCC by an employer can be registered into an OJT only after eligibility for WIOA has been verified and after the assessment process has documented a need for and ability to benefit from the training offered by the employer.

C. CAREER ASSESMENT AND TRAINING RESEARCH

Following assessment and identifying the need for training, the Career Navigator shall guide the participant with conducting the following training research:

1. Participant shall use a career assessment tool to explore local careers and educational programs such as:
 - [Career Coach](#)
2. The participant must consider transportation, job setting, and if applicable, necessary accommodations for persons with disabilities.
3. Assessment waiver may be provided for currently employed workers.
4. The Career Navigator will enter the following CalJOBS standalone case note.

Subject line: Career Assessment and Training Research

The participant completed Name of Assessment *and researched* Name of Occupation. *The participant is a good fit for the training because* list how the assessment results supports the training program. *The participant has completed all pre-requisites and requirements for this training, including* List any prerequisites and requirements *and is eligible to begin.*

Discontinuations will be evaluated on a case-by case basis by the Manager of Career Center Services (training).

An OJT correction occurs when the data in CalJOBS needs to be corrected and/or data needs to be inputted after a system closure in CalJOBS.

Data corrections must be submitted if data related to the training activity code was inputted incorrectly and/or not entered and staff cannot make the correction with their current account privileges.

Reference ***the Workforce Partnership Operations Manual, Chapter 5: CalJOBS Data Entry Policies and Procedures*** for required fields and procedures.

2. Training Void

An OJT Void occurs when a participant decides to forego training: a participant does not start training and no costs are incurred.

Void Process

Voids can only be submitted if no actual start date was entered, and no voucher was submitted through CalJOBS.

1. A Training Void requires a Data Change Request (DCR) be submitted to CalJOBS@workforce.org for the completion status of the training code to be set to void. Reference ***the Workforce Partnership Operations Manual, Chapter 5: CalJOBS Data Entry Policies and Procedures*** for required fields and procedures.
2. Enter an attached case note to the training activity code. Case note must include the following:
 - Subject Line: Activity Code – Activity Code Description + “VOID”
Example: “301 – On-The-Job Training VOID”
 - After your DCR has been submitted enter an attached case note to the training activity code explaining the reason for void and include that the DCR has been submitted.

3. Training Discontinuation

An OJT Discontinuation occurs when a participant starts training and discontinues training. If the participant’s discontinuance is due to an unforeseeable emergency (i.e., documented illness) then the participant is eligible for reinstatement, based on approval.

Discontinuation Process

1. The Business Services Representative shall enter the correct last date of training and OJT completion status.
 - If a start Date was entered and no voucher submitted, update the completion status to drop out of activity.
 - If a start date was entered and a voucher was submitted, update the completion status to unsuccessful completion.
2. The Business Services Coordinator shall enter an attached case note to training activity code; case note must include the following:
 - Subject Line: Activity Code – Activity Code Description + “Discontinuation”
Example: “301 – On-the-Job Training Discontinuation”
 - Case note text explaining the reason for discontinuance and the last day the participant attended training.

The Business Service Representative is responsible for creating and submitting the discontinuance memo to the Training Fund Coordinator via email.

After the memo is approved The Training Fund Coordinator will submit the discontinuance memo via email to the finance department.

In CalJOBS the Training Fund Coordinator will update the Funded Amount on the Enrollment Budget tab to the final payment amount

Then update the duration field on the Enrollment Cost tab to the actual hours worked, no change to any other fields.

If a payment has been made to the employer, wait until the payment is issued then close out the activity as unsuccessful.

Note: A DCR to remove a training activity code cannot be submitted for a discontinuance once payment has been received by the training provider unless a full refund has been received and processed by the Workforce Partnership Finance Department. Any partial payment to the training provider also disqualifies the training activity code from being removed in CalJOBS.

J. PROGRESS REPORT & ATTENDANCE

The training provider must provide **ATTACHMENT – PARTICIPANT EVALUATION & PROGRESS REPORT FORM** on the participant's progress and attendance to the Business Service Representative at midpoint of training or before the program year ends (June 30th) whichever comes first. In the event that the participant fails to attend training, quits or is terminated the employer must inform the Career Center staff within three (3) days.
